More Than a Building - C.H.S. Is a Way of Life

A school is many things. It is laughter and companionship. It is loyalty and honor - not just on the surface but displayed in classwork, athletic events, social affairs, and extracurricular activities. A school is a place those who hate ignorance may strive to know, a place where youth in its impressionable years shares the bond of a lofty purpose.

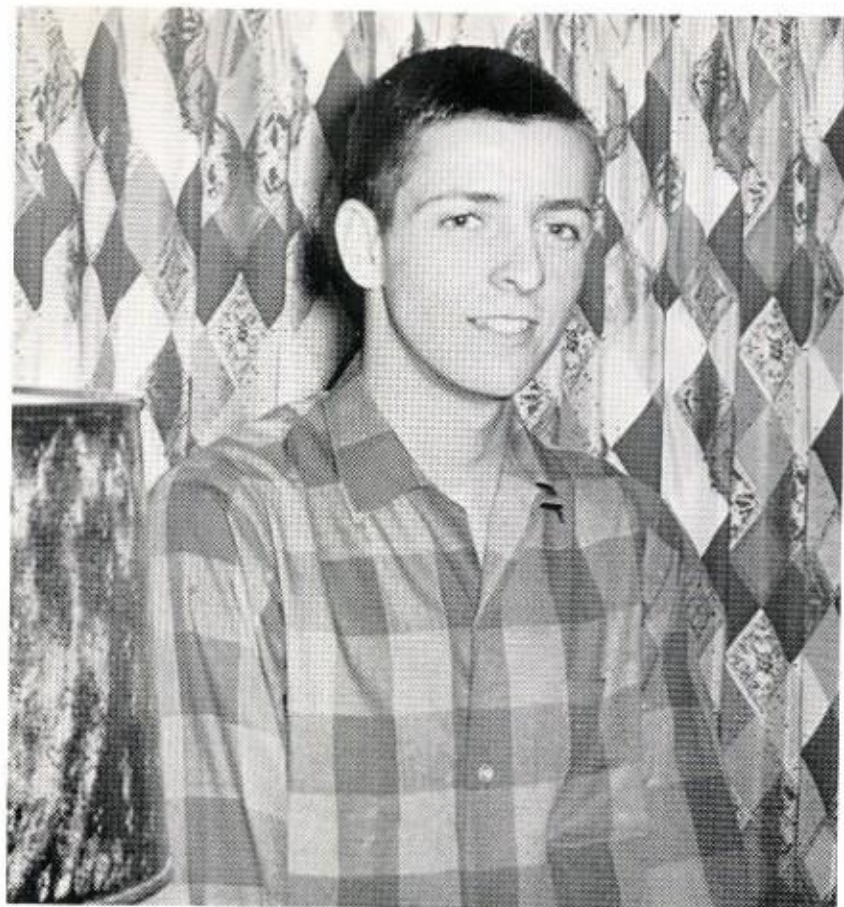

A school is more than bricks and concrete fashioned into a building. Classrooms and laboratories are cold and empty without its primary necessity of life - students and teachers. Human personality is the force which begets all worthwhile accomplishments.

Within these pages are recorded the events of a year in the life of Coleman High School - it is a composite of all its students, faculty, and administration.

Represents the Student Body

The Student Council is one of the most active and most profitable organizations in C. H. S. Its main concern is the betterment of the school. The council is always sponsoring worthwhile projects such as taking buses to football games, the building of a new trophy case, electing 1st and 2nd good citizens, supervising the rec-hall, inviting outstanding speakers, co-operating with the fire department by giving monthly fire drills, attending State and District conventions, and encouraging good bulletin boards through contests. Coleman High School has greatly benefited from this worthwhile organization.

P-o-o-r Brownwood

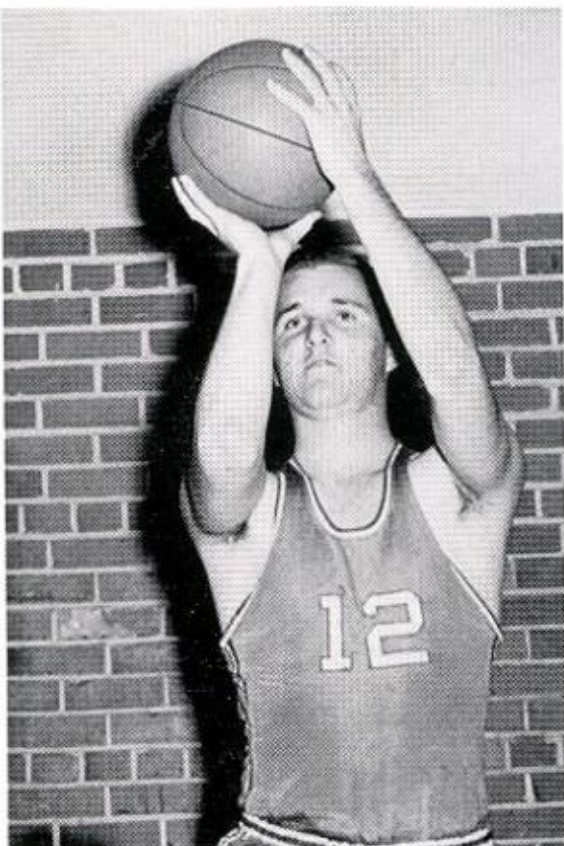

The Coleman Bluecats traveled to Brownwood only to have their hopes dashed by a 66-63 defeat at the hands of the Lions. The Lions jumped out to a quick lead which the Cats could never surmount. Before an overflowing crowd of 1400, the Bluecats avenged their earlier loss to the Lions by taking an exciting 71-67 overtime victory. This victory flushed Coleman into a second place tie with the Lions.

For the opening game of the district season, the Bluecats engaged the Lions of Vernon. Vernon jumped out to a lead which they held most of the game. The Bluecats trailed as much as ten points in the final quarter. A great rally in the last two minutes pulled out a hard earned victory for the cats.

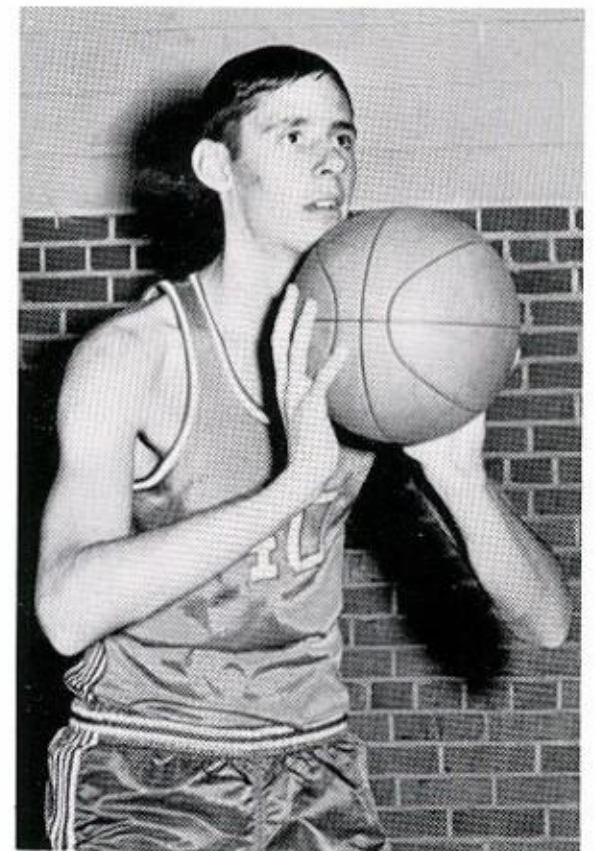

When Vernon came to Coleman, it was an entirely different story. The Bluecats led all the way. The only thing that kept Vernon in the game was the great shooting of David Belew, who fouled out in the fourth quarter.

"HOD-DOG," REBOUND!!

On January 19, the Bluecats journeyed to Wichita Falls to encounter the Huskies. Stymied by a cold first period, the Cats trailed by 14 points at the end of the quarter. A full court press during the second period gave the Cats a three point lead at half. The Bluecats held onto the lead and won by 68-65.

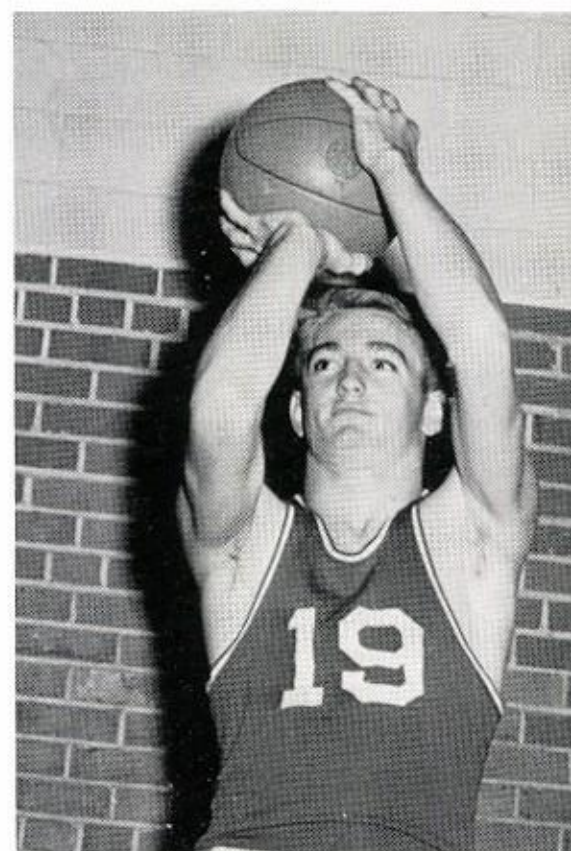

The second game, on February 12, was entirely different. The Cats quickly gained control of the game and continued to stretch their lead. The Huskies were never in the game after the first quarter. The Bluecats set two school records during the game - the most points scored in a game - 111 - and the most points scored in a quarter - 44. The final score was 111-67.

The series with Graham was disastrous for the Cats. In their first encounter, the Cats lost by a score of 49-48. In the second game at Graham, the Steers led all the way and won by a big margin of 67-61. This second loss knocked Coleman out of contention for the district title.
